Certified Nursing Assistant
Student Catalog

Perry Foundation Academy of Health
2920 Green Valley Parkway, Building 8, Suite 821
Henderson, Nevada 89014
(702) 550- 4666

2018 Catalog
Effective date of August 27, 2018

Licensed to operate by the Commission on Postsecondary Education
Approved by the Nevada State Board of Nursing
Perry Foundation is a 501 (c)(3) non-profit provider based non-profit in Nevada whose mission is to improve the quality of care for residents living in post-acute and long-term care communities. This has primarily been achieved by providing evidence-based education to the caregivers and health care professionals working within these communities.

Doing Business as Perry Foundation Academy of Health, it is our intent to provide each CNA student with the highest quality education and provide the knowledge to successfully pass the Nevada State Board of Nursing Certification by Examination.

The Perry Foundation is governed by a board of directors led by Board Chair, Charles Perry.

**Non-discrimination Statement**

Perry Foundation Academy of Health does not discriminate on the basis of sex, age, race, color, religion, physical or mental disability, creed, national origin, veteran status, sexual orientation, genetic information, gender identity, gender expression, or other protected classes under the law (including Title IX of the Education Amendments of 1972).

**Faculty Members**

Robert Kidd - School Director, President/ CEO, Perry Foundation  
Nasslyne Lenz, MSN, RN, AGPCNP-BC – Director of Education/Academic Director, Instructor  
Crystal Alexander, RN- Instructor  
Bridget Vanetti, RN- Instructor  
Donna Graves, RN – Instructor

**Classroom Training Facility**

Classroom and Laboratory education to be held at:  
Perry Foundation  
2920 Green Valley Parkway, Building 8, Suite 821  
Henderson, Nevada 89014  
(702) 550-4666

The facility includes one classroom and a SIMs laboratory with a SIMs manikin. The classroom holds up to 12 people and is equipped with wireless access and projection.

**Clinical education will be held at the following:**

Horizon Specialty Hospital of Henderson  
8550 S. Eastern Ave  
Las Vegas, Nevada 89123  
(702) 382-3155
Students are placed in clinical settings to practice skills learned in the classroom and lab and provide the best patient care possible. Students will work with a preceptor but may complete tasks independently as appropriate. To ensure patients receive high quality and safe care, students must ensure collaborative relationships with facility staff and instructors.

Perry Foundation administrative offices are located at:
2920 Green Valley Parkway
Building 8, Suite 821
Henderson, Nevada 89014
Business hours 9:00am – 5:00pm Monday – Friday
(Excluding holidays)

Observed holidays:
New Year’s Eve December 31st
New Year’s Day January 1st
Independence Day July 4
Thanksgiving Day Fourth Thursday in November
Christmas Day December 25

Course dates:
Start Date End Date
September 5, 2018 October 1, 2018
November 5, 2018 December 5, 2018
January 7, 2019 February 4, 2019
March 4, 2019 April 1, 2019
May 6, 2019 June 5, 2019
July 8, 2019 August 5, 2019
September 9, 2019 October 7, 2019
November 4, 2019 December 4, 2019

Each course is 4 weeks. Course start and end dates are subject to change.

Entrance Requirements and Pre-requisites
Persons wishing to enroll in the Perry Foundation Academy of Health CNA Program must be 18 years of age and show proof of high school diploma or equivalency, complete the enrollment agreement and interview with the school’s Academic Director or Program Director. This process ensures each prospective student is capable of completing the program and understands the admission requirements.

Background checks and drug screens are a requirement of the program.
If a student declines, or if the background or drug screen is unsatisfactory to the Perry Foundation or clinical training sites, the student will not be permitted to participate in the
program. Students are admitted to the program, subject to the results of the background check and drug screen.

Requirements

1. **Background Check** ($39.50)
   CNA Program background checks are completed online through [www.mystudentcheck.com](http://www.mystudentcheck.com).
   - Select school.
   - Select program.
   - Complete required fields, then "continue" to enter payment information.
   - Print receipt and submit to Perry Foundation Office.

2. **Drug Screen** ($36)
   - CNA Program drug screens are completed online through [www.mystudentcheck.com](http://www.mystudentcheck.com).

3. **Immunizations, CPR card tracking** ($29.50)
   To certify your immunizations and CPR card for the CNA Program, go to [www.mystudentcheck.com](http://www.mystudentcheck.com) to upload your documents.
   - **CPR Card**: A valid Healthcare Provider CPR card sponsored by the American Heart Association. (Provided by Complete Medical Consultants: $62).
   - **Immunizations**: You will need to provide documentation of current immunization status.
     - Tetanus, Diphtheria Pertussis Immunity: DPT or Dtap or TDaP within 10 years.
     - TB screening (two-step) (Provided by Complete Medical Consultants: $50).
     - Hepatitis B (series of three, one must be completed).
     - Two MMR (Measles, Mumps, and Rubella).
     - Varicella Immunity (series of two immunizations or documented history from physician).
     - Influenza vaccine in flu season.

Theory, Laboratory and Clinical Hours
Total hours 96
Theory and clinical classes will meet for 24 hours per week for 4 weeks as follows:

Monday 8:00 am - 4:30 pm
Wednesday 8:00 am - 4:30 pm
Friday 8:00 am - 4:30 pm
- Each session will end 4 weeks from the start date
- Registration will be accepted up to the start day of each session

Payment & Refund Policy
NRS 394.449 Requirements of policy for refunds by postsecondary educational institutions.
1. Each postsecondary educational institution shall have a policy for refunds which at least provides:
   (a) That if the institution has substantially failed to furnish the training program agreed upon in the enrollment agreement, the institution shall refund to a student all the money the student has paid.
   (b) That if a student cancels his or her enrollment before the start of the training program, the institution shall refund to the student all the money the student has paid, minus 10 percent of the tuition agreed upon in the enrollment agreement or $150, whichever is less, and that if the institution is accredited by a regional accrediting agency recognized by the United States Department of Education, the institution may also retain any amount paid as a nonrefundable deposit to secure a position in the program upon acceptance so long as the institution clearly disclosed to the applicant that the deposit was nonrefundable before the deposit was paid.
   (c) That if a student withdraws or is expelled by the institution after the start of the training program and before the completion of more than 60 percent of the program, the institution shall refund to the student a pro rata amount of the tuition agreed upon in the enrollment agreement, minus 10 percent of the tuition agreed upon in the enrollment agreement or $150, whichever is less.
   (d) That if a student withdraws or is expelled by the institution after completion of more than 60 percent of the training program, the institution is not required to refund the
student any money and may charge the student the entire cost of the tuition agreed upon in the enrollment agreement.

2. If a refund is owed pursuant to subsection 1, the institution shall pay the refund to the person or entity who paid the tuition within 15 calendar days after the:
   (a) Date of cancellation by a student of his or her enrollment;
   (b) Date of termination by the institution of the enrollment of a student;
   (c) Last day of an authorized leave of absence if a student fails to return after the period of authorized absence; or
   (d) Last day of attendance of a student, whichever is applicable.

3. Books, educational supplies or equipment for individual use are not included in the policy for refund required by subsection 1, and a separate refund must be paid by the institution to the student if those items were not used by the student. Disputes must be resolved by the Administrator for refunds required by this subsection on a case-by-case basis.

4. For the purposes of this section:
   (a) The period of a student’s attendance must be measured from the first day of instruction as set forth in the enrollment agreement through the student’s last day of actual attendance, regardless of absences.
   (b) The period of time for a training program is the period set forth in the enrollment agreement.
   (c) Tuition must be calculated using the tuition and fees set forth in the enrollment agreement and does not include books, educational supplies or equipment that is listed separately from the tuition and fees.

(Added to NRS by 1985, 989; A 1989, 1460; 1995, 325; 2005, 635; 2015, 341)

A deposit of $1,000.00 is due at the time of registration and the balance of $1,100.00 is due on the first day of week two. Non-payment in full will withdraw the student from the program. If full payment is made and the student missed only two theory or clinical sessions, the student will be re-admitted and allowed to make up the missed time, if the schedule allows.

Credit for Previous Training
Due to the short term of the program and the nature of the training offered by The Perry Foundation Academy of Health, prior credit will not be given.

Learning Objectives
1. Describe the functions of body systems appropriate to the nursing assistant scope of practice.
2. Describe the roles and responsibility of nursing assistants including ethics, communication, legal responsibilities, abuse laws, and Nevada State Board of Nursing regulations.
3. Demonstrate professional communication skills including recording and reporting, and legal and ethical responsibilities.
4. Demonstrate safety and infection control practices that comply with standards of practice for nursing assistants.
5. Identify stages of growth and development.
6. Define common medical terms and abbreviations used in health care.
7. Demonstrate competence and proficiency in the following categories of skills:
   - Communication and interpersonal relationships.
   - Safety and infection control.
   - Personal care procedures.
   - Vital signs.
   - Nutritional requirements and techniques.
   - Admission, transfer, and discharge procedures.
   - Exercise and activity.
   - Elimination.
   - Unsterile warm and cold applications.
   - Care to clients with special needs.
   - End of life care.
   - Care to clients with cognitive impairment.
8. Comply with privacy and confidentiality laws.
9. Demonstrate behaviors consistent with professional work ethics.
10. Adhere to the policies and procedures of clinical sites.

Learning Outcomes
1. Students will be able to demonstrate knowledge of common elements required for certification by the Nevada State Board of Nursing. This will be measured by student achievement of a passing grade on instructor developed and administered final examinations.
2. Students will be able to demonstrate compliance with standards of practice for nursing assistants. This will be measured by an administered skills test given at the end of each semester to each student that contains core elements of practice such as privacy, safety dignity and patient rights.
3. Students will be able to demonstrate competence with all skills required for certification. This will be measured by an administered skills competency test given at the end of each semester that contains elements of all required steps for all required skills.

Nevada State Board of Nursing CNA Examination
The Perry Foundation Academy of Health is an approved testing sites for the two NSBN CNA exams: the Clinical Skills Competency Exam and the Written Knowledge Exam. Once students have completed the CNA class and wish to take these exams, they must complete the following requirements:

Step 1: Submit NSBN application and application fee.
See the [NSBN website](#) for details and address where to send. If you have questions regarding your eligibility, please [contact the NSBN](#).
Step 2: Schedule and pay for both required exams.
Visit the Headmaster LLP website for scheduling information and payment instructions.
Please note: Policies and procedures regarding state testing (including testing schedules and payment information) can be accessed on Headmaster LLP’s website.

CNA Certificate
Once you have passed both the NSBN CNA Written Knowledge and Clinical Skills Competency exams, visit the NSBN to print a copy of your CNA certificate (CNA certificates are not mailed).

Conduct
Unsafe & Unsatisfactory Performance
Any student, who does not perform nursing intervention safely, in accordance with standard of practice and supervisor’s instructions, may at the digression of the instructor be excluded from the clinical area. Immediate dismissal from the course may occur at any time when a client’s safety is jeopardized by a student’s actions. In the event, unsatisfactory academic or clinical performance occurs, including adherence to the policies outlined below, the student will receive:

First offence – Documented verbal warning.
Second offence - Written warning.
Third offence - Dismissal. Refund policy applies.

Severe infractions that would prevent the student from completing their clinical education may demand immediate dismissal. See below ‘Clinical Performance and Counseling’ Standards, for the list of offences.

Clinical Performance and Counseling Standards
Students are expected to maintain high moral and ethical standards during class and clinical rotations.
Perry Foundation Academy of Health maintains the right to immediately dismiss any student for the following infractions:

1. Falsification of any records including patient and student records.
2. Carelessness or violations of Facility rules and procedures which could jeopardize the safety of self or others or and/or which could result in bodily injury or damage to Facility property.
3. Failure to apply clinical principles learned in class and laboratory sessions.
4. Disorderly conduct including fighting, horseplay, threatening, or abusing any individual, patient, visitor, or member of the public. Immoral or indecent conduct
5. Refusal to follow the instruction of the clinical instructor, clinical preceptor, or unit leadership.
6. Distribution, use, possession, purchase or sale of or being under the influence of alcohol, narcotics, intoxicants, drugs or hallucinatory agents during class or clinical rotations.
7. Use of alcohol or drugs while in a student uniform.
8. Threats of violence, acts of violence, terrorist threats or acts of terrorism against the facility, patients, employees or the general public.
10. Stealing from the facility, fellow students, patients or members of the public, regardless of the amount. Soliciting tips, gifts or other gratuities or favors from patients or their families.
11. Possession of weapons or explosives on facility premises.
12. Disclosure (whether negligent or intentional) of confidential information pertaining to patients including, but not limited to the violation of the Patient’s Right and Confidentiality Policies and the Health Information Portability and Accountability Act (HIPAA).
13. Repeat tardiness or unexcused absences.
14. Academic Dishonesty, as defined by the following:
   ▪ Obtaining or providing unauthorized information during an examination through verbal, visual, or unauthorized use of books or other aides.
   ▪ Obtaining or providing information concerning all or part of an examination prior to that examination.
   ▪ Taking an examination for another student, or arranging for another person to take an exam in one’s place.
   ▪ Altering or changing test answers after submittal for grading, grades after grades have been awarded, or other academic records once these are official.

Clinical Policies
Clinical instruction is provided throughout the program in conjunction with classroom theory. This instruction is provided in various locations, such as the Perry Foundation Academy of Health, long-term acute hospitals, and various skilled nursing facilities.

1. The purpose of the clinical session is for the student to extend the learning experience in a real-life setting.
2. Individual instructors, prior to each clinical rotation, give specific instructions regarding preparation for scheduled clinical lab sessions.
3. Students are expected to perform safely in all areas of client care. Any performance, which endangers a patient’s well-being may result in the student’s removal from the clinical.
4. Students will be expected to follow all policies and procedures in relation to parking, use of cafeteria, nursing assistant scope of practice, uniform requirements and routines established for the nursing unit.
5. Reporting Suspected Child or Elder Abuse: Nevada Revised Statutes (NRS) 432B.220 and NRS 200.5091 require a student to report suspected child or elder abuse or neglect to
the clinical instructor. Per the statute, this includes physical or mental injury of a non-
accidental nature, sexual abuse or exploitation, or negligent treatment or maltreatment.
Anyone who fails to report these conditions is guilty of a misdemeanor, as indicated in
NRS 432B.240 and NRS 200.5099.
6. **Reporting of problems during clinical:**
   A. Students noting patient or staff problems during clinical should inform their
      clinical instructor immediately.
   B. The instructor will evaluate the behavior or problem against the criteria for
      Unprofessional Behavior before reporting to the Nevada State Board of Nursing
      (NSBN).
      - Generally, the criteria are: gross negligence, abuse or performing duties
        outside the scope of practice.
      - Each clinical instructor is responsible for reporting unprofessional
        behavior directly to the Academic Director.
      - The Academic Director will evaluate the behavior and discuss with the
        facility site representative, and report it if necessary.
   C. If the incident needs to be addressed, the student should:
      - Ask the staff diplomatically OR
      - Question the staff to help understand the behavior or action OR
      - Report the incident to the clinical instructor who will follow up with
        facility staff if necessary.
      - The student should always be prepared to state or write what they would
        do differently in the same circumstance and provide a rationale.
   D. The clinical instructor’s role is to manage the event for a good outcome for the
      student, the facility staff and the facility.
   E. Global or system issues should be discussed with the facility and the Academic
      Director.

**Confidentiality**
Confidentiality is both a legal and ethical concern in nursing practice. Confidentiality is the
protection of private information gathered about a client during the provision of health care
services. It is the CNA student’s responsibility to safeguard the client’s right to privacy by
protecting information of a confidential nature.
Perry Foundation Academy of Health expects that all students and faculty will protect the
privacy rights, including maintaining confidentiality, of all clients. It is expected that students
and faculty will NOT:
- Discuss the care of clients with anyone not involved in the client’s direct care.
- Discuss the care of clients in any public setting.
- Remove any actual/copied client records from the clinical setting (this includes
  computer printout information).
- Use the client’s name on any written form or notation (initials only).
Dress Code
The dress code is to be followed in both classroom and clinical settings.

- Perry Foundation Academy of Health scrubs to be worn at Clinicals.
- No canvas, open-toe, or high heeled shoes. Open-back shoes are permitted, but must be worn with the strap in position to hold the shoe on. Athletic shoes are acceptable, but must be white with a minimum of decoration.
- Hose/socks must be worn at all times.
- Any shirt worn under the scrub top must be white only.
- Perry Foundation Academy of Health issued badges are to be worn at all times on the upper torso (above the waist) during lab and clinical sessions so that it may easily be read by patients, visitors, co-workers, and physicians. The picture and name are not to be obscured. Badges are property of the Perry Foundation and must be returned at the end of the last day of the program. Lost badges must be reported to the instructor immediately, and will be replaced at the cost of the student. The student’s Certificate of Completion will be held if the badge is not returned at the end of the program.
- No facial piercings, tongue rings, or nose ornamentation may be worn during lab or clinical settings.
- Ears are to be the only visible site of piercing (standard gauge size).
- Tattoo(s) or/and body piercing(s), that are exposed are not considered appropriate during lab and clinical sessions and must be covered.
- Please be aware and conscientious of your personal hygiene, neatness of attire and cleanliness of apparel. Strong odors or excessive use of perfume or cologne are inappropriate.
- Hair is to be clean, neat, and safely secured so as not to compromise the patient’s medical condition.
- Jewelry is to be conservative in style and limited to a wedding ring and watch, preferably with a second hand.
- No nail extensions, fake nails are allowed. Finger nails should be short and clean.
- Hair should be off the collar and contained off the face.
- No hats.
- Cell phone usage is prohibited during lab and clinical sessions.
- No chewing gum
- No food is allowed in lab/clinical sessions.

Student Equipment
- Small notebook that fits into your scrub pocket.
- Stethoscope.
- Gait/transfer belts required for all clinical days.*
Protective eye wear/goggles.

* Gait/transfer belts are available to borrow at the beginning of each lab/clinical session and must be returned at the end of each session.

Coordinating Clinical Experience with Health Care Facilities
Perry Foundation Academy of Health students are in clinical settings to learn as much as possible (in a very limited time) on how to give the best care possible. These experiences vary. Students should give or seek help when it is needed. Students may work alone, with each other, or with a staff member. Instructors help the students understand their roles, teach and guide the students’ learning experience.

Each facility’s nursing staff is responsible for the quality of nursing care the patients receive from all members of the health care team; therefore, the facility nursing staff is responsible for the quality of care the patients receive from students. Because the staff knows the patient and are ultimately responsible for their patient, the instructor and students must collaborate with these nurses for their skills and knowledge to give the best nursing care possible.

The following guidelines for students, instructors and staff nurses should help clarify responsibilities for each role in the clinical setting:

**Student Commitments:**
1. Arrive at the designated clinical assignment 15 minutes before the shift is scheduled to begin.
2. Notify the clinical instructor at least two hours in advance of an absence.
3. Understand and follow hospital policies.
4. Understand scope of practice and skill level. Only provide care in which you are qualified and competent.
6. Actively seek help when uncertain of ability to perform tasks.
7. Be a team member by offering assistance whenever possible.
8. Seek out learning opportunities and discuss with preceptor and instructor.
9. Report errors and omissions immediately and take necessary action.
10. Report any illness or injury to instructor or unit supervisor immediately.

**Instructor Commitments:**
1. Be responsible for the overall supervision of the students including being physically in the facility during the clinical rotation.
2. Understand, teach, and follow facility policies and procedures.
3. Be responsible for the overall learning experience of the students.
4. Seek out learning experiences for students.
5. Keep facility informed as to: names of students, dates of experiences, changes in plans, and types of clients to meet lab objectives, lab objectives; list skills students can perform.
6. Collaborate with students and staff.
7. Evaluate student performance.
8. Facilitate post-conferences.
9. Maintain good relationships and act as a mediator when needed.

**Facility Staff Commitments:**
1. Helping students and instructors select clients to meet learning objectives.
2. Provide a complete verbal/written report on each patient.
3. Educate student on facility policies, procedures, and standards of practice.
4. Assisting the students with direct patient care.
5. Notifying the instructor and student of learning opportunities.
6. Notifying the student and instructor if unsafe or at-risk actions are witnessed.
7. Promptly contact the instructor with questions or concerns.
8. Share knowledge and demonstrate patient care when appropriate.
9. Provide input of student’s progress to the instructor.

**Appeals Process**
Appeals must be submitted in writing to the Program Director and will be reviewed by the facility and/or administration. Responses will be in writing.

**Drug Free Environment**
Perry Foundation Academy of Health is committed to protecting the safety, health, and well-being of its employees, clients, and all people who come into contact with its workplace(s) and property, and/or use its products and services. Recognizing that drug and alcohol abuse pose a direct and significant threat to this goal, the Perry Foundation Academy of Health is committed to ensuring a substance-free environment for all its employees and clients. Perry Foundation Academy of Health therefore strictly prohibits the illicit use, possession, sale, conveyance, distribution, or manufacture of illegal drugs, intoxicants, or controlled substances in any amount or in any manner. In addition, Perry Foundation Academy of Health strictly prohibits the abuse of alcohol or prescription drugs. Any violation of this policy will result in disciplinary action up to and including dismissal from the program and possible referral for criminal prosecution.

**Reasonable Suspicion Testing of Students**
Where there is reasonable suspicion to believe that a student has violated any provision of the clinical training facility’s Drug-Free Workplace Policy, the facility may require that the individual undergo a blood or urinalysis for the presence of any illegal drug, controlled substance, or alcohol.

**Electronic Devices**
Personal Data Systems are not allowed during exams. Electronic devices including but not limited to cell phones are not acceptable in the classroom and must be turned off. Exceptions may be made for tablets or laptops used for note-taking or for access to on-line material directly related to the program.

**Care and use of equipment and supplies**
You are responsible for using good judgment and care when using equipment and supplies of the Perry Foundation or training facility. Follow instructions and, if you have any questions, ask a knowledgeable resource. If you discover poor or malfunctioning equipment, please report the situation to a supervisor or your instructor. Students who damage or destroy equipment or who lose equipment may be subject to disciplinary actions up to and including discharge from the program.

Attendance
Attendance is necessary to obtain the most benefit from the CNA program and as such, the following policy is in effect.

- Session: A "session" is defined as a lecture, a lab, or clinical.
- Absence: If the student is 15 minutes or more late for any class session OR if the student leaves 15 minutes or more before the scheduled end of any class session.
- Tardiness: If the student arrives less than 15 minutes to class or leaves early within 15 minutes from the scheduled end of the class.

Two tardies will equal one absence. After two absences, the student will be withdrawn from the program.

Tardiness will not be allowed during clinical. Any student who is tardy will be asked to leave that day’s session, and a makeup is at the discretion of the faculty member.

Please note: In the event of an emergency, the student must do the following:
1. Notify the instructor. Do NOT leave a voice mail, email, or text message. You must talk directly to the instructor or academic director.
2. Follow up with the instructor regarding his/her absence and schedule the makeup. Make up time for a missed session will be required and is at the discretion of the instructor and academic director. More than two absences, for any reason, will withdraw the student from the program. Refund policy applies.

Course Work
Course work missed for any reason may be made up at the discretion of the instructor.
It is the responsibility of the student to consult with the instructor prior to any absences from any session. The instructor makes the final determination on whether the missed work can be done at a time other than during the regularly scheduled class period.

Prevention of Blood Born Pathogen Exposure
Bloodborne pathogens are infectious microorganisms in human blood that can cause disease in humans. These pathogens include, but are not limited to, hepatitis B (HBV), hepatitis C (HCV) and human immunodeficiency virus (HIV). Infection control programs are designed to protect patients, students, and staff from infections.

All students are required to familiarize themselves with the clinical training facility’s blood borne pathogen, infection control, and accidental exposure policies and procedures.
Accidental Exposure
A student who has exposure to blood or body fluid or other potentially infectious material to non-intact skin or mucous membranes from a needle stick, sharps injury or other cause must immediately:

- Wash needle stick and/or cuts with soap and water.
- Flush splashes to the nose, mouth, or skin with copious amounts of water.
- Irrigate eyes with clean water, saline, or sterile irrigants.
- Remove soiled personal protective equipment and/or clothing as soon as possible.

After washing, flushing and/or irrigating the exposed area, the student must immediately:

- Notify the appropriate registered nurse at the clinical facility AND
- Notify clinical faculty who will then implement the process below.
- If there is a witness to the incident, several steps can be taken simultaneously.

Clinical training facility and student must:

- Complete an incident report at the clinical facility, if required; and be aware of and follow any reporting and follow-up requirements of the clinical facility.

The Clinical Faculty will be responsible for coordinating the procedures needed to get appropriate care for the student.

The Clinical Facility will:

- Identify the source of the exposure.
- Obtain stat physician’s order for needle stick exposure panel, if a needle stick.
- Obtain consent from source client, if not in chart.
- Determine who will be the health care provider for the student for counseling and treatment, if needed.
- Obtain phone number and name of student and the health care provider, and provide this information to the contacts listed below.
- Normally the labs will be run STAT and will be reported to the student's physician.
- Provide the student with contact information to obtain source testing results.
- Send the student to their health care provider to obtain medical evaluation and post-exposure follow-up within 1 to 2 hours of the exposure. Medical evaluation may be at the clinical training facility; a private healthcare provider; at an urgent care facility; or at an emergency room.
  - Student should bring a copy of the documents with as much completed information as possible to the health care provider. They should also have the contact number for source information so that the health care provider may obtain results.
• The National HIV/AIDS Center provides a PEPline, a Clinicians’ Post-Exposure Prophylaxis Hotline which offers up-to-the-minute advice on managing occupational exposures (needle sticks, etc.) to HIV, hepatitis and other blood borne pathogens. It is offered 24 hours a day, 7 days a week at 1-888-448-4911. The number for HIV Peri-natal Hotline for pregnant women is 1-888-448-8765.
• There is also a Clinician’s Consultation Center that is free of charge. This Warmline is staffed by physicians, clinical pharmacists and nurse practitioners Monday through Friday from 5:00 am to 5:00 pm Pacific Time at 1-800-933-3413.

Additional responsibilities

• The clinical instructor must notify the Academic Director of the incident as quickly as possible.
• It is the student’s responsibility to make his/her healthcare provider aware of the results of any blood panel drawn as a result of an exposure.
• It is the student’s responsibility to follow-up with any counseling recommended by his/her healthcare provider as a result of an exposure.
• It is the student’s responsibility to follow-up with any treatment recommended by his/her healthcare provider as a result of an exposure.
• The student has financial responsibility for any cost associated with evaluation, treatment and/or counseling that results from an exposure.

Source information

• The clinical facility will collect as much information as possible from the source patient following an exposure. While Perry Foundation Academy of Health will make every effort to maintain confidentiality, the Perry Foundation cannot be held responsible for acts and omissions of the clinical agency.

Instructor Evaluations
At the end of the course, each student will be asked to complete an instructor/course evaluation. To encourage honesty, the evaluations will be anonymous, and handed out after all exams are complete.

Students are permitted to practice skills until 100% accuracy is achieved. The test of skills will be given by a Registered Nurse who holds an instructor certification. Retakes are permitted on all oral or written quizzes/tests, up to two (2) times.

Student Indemnification
In an event of school discontinued operation or a violation by the institution per NRS 394.383 to NAC 394.560, an account for student indemnification may be used to indemnify a student or enrollee who has suffered damage as a result of: discontinuance of operation or violation by such institution of any provision of NRS 394.383 to 394.560.

All students must meet the following minimum standards of Satisfactory Academic Progress (SAP):

- Maintain a minimum cumulative grade point average of 3.0 at the completion of 96 hours;
- Achieve an attendance rate of 83%. Less than 83% attendance rate to meet minimum standards of Satisfactory Academic Progress is at the discretion of the faculty.
- Complete the program of study within the Maximum Time Frame (MTF), which is one and one-half times the number of hours and weeks required for the specified program of study.

Students are monitored for SAP at the completion of 72 hours and are advised of their academic progress at that point in time.

Students who have not maintained a minimum cumulative GPA of 3.0 and a cumulative attendance rate of at least 83% (at the discretion of the faculty) at the completion of the 96-hour program will be, at the discretion of the faculty, allowed readmission following all policies, rules and regulations.

Readmissions

A student may apply for re-admission if the student:

1. Left the program in good standing, the student may register for the next available course. All previous hours are forfeited, and all fees and tuition apply.
2. If dismissed from the program, the student may write a letter of appeal to the School Director. Re-admission is at the discretion of the School Director.

Evaluation Criteria

A. Skills

1. Learner will demonstrate performance in a professional manner using appropriate communication and respect for clients’ rights.
2. Learner will achieve 100% on skills in order to pass. Unprofessional, unsafe or abusive behavior in testing will constitute a failure of the test.

B. Written/Oral: Learner will achieve a minimum of 80% on oral/written exam.

Unit Quizzes
   o Written/oral and manual quizzes will be completed at the end of each unit. Employer will be notified of skills successfully passed.

Clinical Evaluation
   o All clinical evaluations must be passed by a 100% prior to the final exam

Final Exam
   o The final exam consists of two parts: written (or oral) and manual skills, according to the Training Program’s state-approved application.
   o The passing score is 80% and students will have two additional opportunities to pass the final exam.

Students are permitted to practice skills until 100% accuracy is achieved. Retakes are permitted on all oral or written quizzes/tests, up to two (2) times.

Placement Services
Perry Foundation Academy of Health does not guarantee employment, but offers employment assistance to graduates, consisting of job lead referrals and job skills development. While assisting in your job search, we make no guarantee, expressed or implied, of future employment. Current law prohibits any school from guaranteeing job placement as an inducement to enroll students.

Licensure and Accreditation Status
Licensed to operate by the Commission on Postsecondary Education. Approved by the Nevada State Board of Nursing

| **Day 2 - Vital Signs. Anatomy and Physiology Review** | 8 | Describe the communication process and effects of non-verbal interpretation. | The person’s rights, delegation. |
| Review | | Explain the purpose, legal and ethical responsibilities and recording in the medical record. | Elements in the communication process, barriers to successful communication, observed interpretation. |
| Ch 7 Communicating with the Health Team | | Demonstrate best care practices for temperature taking, use of different types of thermometers, blood pressure, how to take an accurate pulse and respiration. | Medical records: purpose, sections, responsibilities, recording. |
| Ch 8 Assisting with the Nursing Process | | Name the components of the musculoskeletal, urinary, integumentary, cardiovascular, respiratory, endocrine, sensory, digestive, and nervous systems. | Plan of care and personal stress management. |
| Ch 9 Understanding the Person | | Understand the effects of aging on the respective systems. | Vital signs, temperature taking, normal ranges of body temperatures, types of thermometers. |
| Ch 10 Body Structure and Function | | Identify and know common meaning and abbreviations used in health care. | Taking an accurate pulse, respiration, blood pressure; the normal range and correct equipment. |
| Homework: Review Chapters 7-10 Read Ch 13 Safety | | | The components, function and impact of aging on various systems of the anatomy. |

| **Day 3 - Safety and Infection Control Review** | 8 | List rules of general safety, fire, disaster, oxygen use, restraints. | Rules of safety, fire, disaster and oxygen. |
| Review | | Explain the chain of infection, Standard Precaution techniques, asepsis, disinfection and sterilization. | Principle of body mechanics, restraints and safely moving the person. |
| Ch 16 Preventing Infection | | Demonstrate proper hand washing, gowning and gloving. | Infection control, standard precaution techniques, and lifesaving methods and measures. |
| Ch 17 Body Mechanics | | Demonstrate safely transferring the client, safely repositioning the client and ambulation of the client. | |
| Ch 18 Safely Moving the Person | | Identify characteristics of a well-made bed. | |
| Ch 19 Safely Transferring the Person | | Demonstrate how to make an occupied, unoccupied bed that is closed/ open. | |
### Day 4 - Personal Care Procedures

Review
Exam 1
Ch 14 Fall Prevention
Ch 15 Restraint Alternatives and Safe Restraint Use
Ch 21 Bedmaking
Ch 22 Personal Hygiene
Ch 23 Grooming

**Homework:** Review Chapters 14-15, 20-23

| 8 | State the role of the nursing assistant in treatment and procedures of: skin care; oral hygiene; bathing; dressing and undressing; shaving; nail and hair care. |
| 8 | Proper use and correct application of gait belt. Principles of safety as they relate to wheelchairs, beds, gurneys, transfers with assistive devices, etc. |
| 8 | Ambulating a client with or without the use of assistive devices. |
| 8 | Importance and characteristics of a comforting environment and comfort devices. |
| 8 | Bedmaking guidelines and best practices. |
| 8 | Preventing, caring for and maintaining skin integrity, oral hygiene, nail and hair of patients/residents, emphasizing safety and privacy. |

Review
Ch 24 Urinary Elimination
Ch 25 Urinary Catheters
Ch 26 Bowel Elimination
Ch 27 Nutrition and Fluids
Ch 28 Nutritional Support and IV Therapy

**Homework:** Review Chapters 24-28, Intake and Output Worksheet

| 8 | Identify characteristics of a well-made bed. |
| 8 | Demonstrate how to make an occupied, unoccupied bed that is closed/ open; partial bed bath; denture care, mouth care, and foot care. |
| 8 | Describe food nutrition, signs of dehydration, preparing, serving and feeding. |
| 8 | Describe completing the intake and output record, observations of feedings and assistive devices available to assist with patients in eating meals. |
| 8 | Describe and name major structures of the urinary and digestive system; observations and reporting; collection of specimens; observations and reporting |
| 8 | Importance and characteristics of a comforting environment and comfort devices. |
| 8 | Bedmaking guidelines and best practices. |
| 8 | Food pyramid, dehydration, special diets, dietary practices. |
| 8 | Preparing, serving, feeding, assistive devices and observations of patient’s diet. |
| 8 | Urinary bladder, bowel elimination: guidelines for caring, collecting, assisting and observations. |

### Day 6 - Exercise and Activity. Admission and Discharge Procedures. Procedures for Unsterile Warm and Cold Applications

Review
Ch 30 Exercise and Activity
Ch 32 Admissions, Transfers, and Discharges
Ch 36 Wound Care
Ch 37 Pressure Ulcers
Ch 39 Oxygen Needs

**Homework:** Review Chapters 30, 32, 36, 37, 39.

**Read:**
Ch 31 Comfort, Rest and Sleep
Ch 33 Assisting with the Physical Examination
Ch 34 Collecting and Testing Specimens
Study for Exam

| 8 | Describe basic range of motion (ROM), principles of exercise and safety as they relate to wheelchairs, beds, gurneys, transfers, etc. |
| 8 | Describe transferring, positioning, and ambulating a client, and how to protect from falls. |
| 8 | Explain the admission and discharge of a client according to agency policy. |
| 8 | Describe the proper procedure for measuring height and weight. |
| 8 | Describe the steps in warm and cold applications; general rules; effects; types; safety factors; and possible complications. |
| 8 | Demonstrate proper perineal care, bedpan, output and catheter care. |
| 8 | Benefits of exercise/activity, complications due to lack of exercise/activity. |
| 8 | Basic range of motion and safety of: movement, transferring, positioning, ambulating, falls and prostheses. |
| 8 | Admission and discharge according to agency policy. |
| 8 | Proper procedure for measuring height and weight. |
| 8 | Wound care, oxygen needs and preventing infections. |
| 8 | General rules of application of heat and cold, effects, types, safety factors and possible complications. |
### Day 7 - Rehabilitation of Clients with Special Needs. Care of Clients with Nervous System Diseases. Care of Client with Diabetes. Care of Clients with Respiratory Diseases. Care of Clients with Cognitive Impairment. 

- **Content Review**

  - Exam
  - Ch 40 Respiratory Support and Therapies
  - Ch 41 Rehabilitation and Restorative Nursing Care
  - Ch 48 Mental Health Disorders
  - Ch 49 Confusion and Dementia
  - Ch 54 Basic Emergency Care

- **Homework:** Review Chapters 40, 41, 48, 49, 54. 

- **Read during clinicals week:**
  - Ch 42 Hearing, Speech, and Vision Problems
  - Ch 43 Cancer, Immune System and Skin Disorders
  - Ch 44 Nervous System and Musculo-Skeletal Disorders
  - Ch 45 Cardiovascular, Respiratory, and Lymphatic Disorders
  - Ch 46 Digestive and Endocrine Disorders
  - Ch 47 Urinary and Reproductive Disorders

**Course 12**

<table>
<thead>
<tr>
