Children’s responses to traumatic environments or events may not follow the same patterns as adults in similar situations. Distinguish between different types of child trauma, understand trauma's effects on children, and obtain ideas for clinical intervention.

Instructor: Anne-Marie Abruscato, M.S.W., LCSW
Visiting Lecturer, UNLV School of Social Work
Ms. Abruscato teaches in the areas of direct practice, children, and families and has a background in working in both private and public service agencies. Her main area of interest is in the field of children and trauma.
