
Academic Plan as of Fall 2017

Program Description:

Train in the essential elements of personal security and protective driving operations, focusing on the standards and protocols associated with providing high level, low profile protective services. Master the skills needed by the protective services operator: walking formations, business ethics, vehicle and motorcade operations, principal cover and control techniques, legal issues and use of force, risk assessments and threat analysis, surveillance detection, as well as venue and site security. These skills are taught, practiced, and used for a final exam exercise detail in and around the Las Vegas metropolitan area.

The PSPC program consists of two modules: Protective Driving Operations Course (PDOC), which is three days, and Protection Agent Development (PAD), which is four days. Successfully completing all seven days combined earns graduates the Protective Services Professional Certification.
