Taste Like a Sommelier:
Blind Tasting Seminar
University of Nevada, Las Vegas Continuing Education instructor Melissa Moats lives her life by this motto.

As a young girl growing up in the Midwest, Melissa dreamed of the day when she could spread her creative wings and express her artistic talents for the world to see. Unfortunately there was no template to follow that would satisfy her untapped talents. So Melissa set off on a journey that allowed her to explore opportunities far and wide, eventually establishing her voice acting studio in Las Vegas. But she did not stop there! Melissa continues to expand her artistic reach with new endeavors like her recently published collection of children’s books and the launch of her new children’s show.

Melissa came to be an instructor at UNLV in true storybook fashion. She started as a student. She began by taking voiceover classes at UNLV in 2000. With that experience and her hard work, she racked up impressive acting credits for television, documentaries, video games, commercials and more. These include high profile projects like promos for The Ellen Show, the North American guide voice for Wii Yoga, and the narrator for Justin Timberlake’s documentary. Despite her success as an actress, Melissa wanted more. She wanted to give back. She wanted to mentor the next generation of talent much like she was mentored years ago. With her husband, Melissa established The Voice Actors Studio in 2015. Soon after, as chance would have it, UNLV came calling as there was a vacancy in the voice acting department in continuing education. Melissa jumped at the opportunity to bring her career full circle.

Melissa’s main goal as an instructor is to encourage creativity at every level. Obviously she focuses on teaching voice acting skills, but her classes go beyond that. She also gives her students insight into that business world, which can open a new world of possibility that most people don’t consider when contemplating careers. Her classes also help teach confidence by literally finding one’s voice.

Melissa’s passion shines through with everything she does. And she’s one of the few individuals that is able to share a piece of that passion for you to use on your own journey.

UNLV paralegal graduates gain the knowledge, skills, and confidence they need to successfully enter the profession. The registration fee includes the practicum textbooks and access to LexisNexis and Westlaw. Please estimate $250 for additional required textbooks that are not included in the registration fee. Assessing & Treating Traumatized Adults
Enhance your clinical skillfulness when working with traumatized adults. This interactive training is designed for mental health professionals and includes a review of the effects of both acute and chronic traumatic stress on an adult’s functioning. Emphasis is on trauma-informed assessment, which ensures clients maintain psychological stability while clinicians gather information crucial to treatment planning. An overview of evidence-based cognitive, emotional, and mindfulness interventions will be provided. Since working with traumatized individuals can lead to compassion fatigue and secondary traumatic stress, self-care will be addressed. Finally, you will be given resources to further continued professional competence. This course is approved for .3 CEUs by IACET, and 3 CEUs by the NV Board of Examiners for Social Workers, and the NV Board of Examiners for MFTs & CPCs.

Ethical Considerations in Working With Sex Workers & Survivors of Trafficking
Clinicians often encounter clients who identify as sex workers and/or “in the lifestyle,” especially in Sin City. This workshop provides a historical and psychological context to better understand the nature of consent in sex work, and the ways that our clients are positioned as victims/survivors or as criminals. Participants will explore their own assumptions and biases that they bring into their work with clients, and best practices will be reviewed. Religious Trauma & Spiritual Abuse
Religion and spirituality hold a foundational position in the worldview of many Americans. Religion and spirituality also act as coping mechanisms that build on systems of meaning-making. The survivor of religious trauma and spiritual abuse may intertwine the concept of God with the abuser, which adds the dimension of betrayal and/or abandonment by God. This course will examine the predictive relationship of religious trauma and spiritual abuse on meaning-making, trust, and depression. This course is approved for .3 CEUs by IACET, and 3 CEUs by the NV Board of Examiners for Social Workers, and the NV Board of Examiners for MFTs & CPCs.

Medical Spanish
ced.unlv.edu/spanish-healthcare
Given the large Spanish-speaking population in the Las Vegas area, the need for current and future healthcare professionals to speak Spanish has never been greater. Studies show that when providers speak some Spanish, the patient-provider relationship improves, patient compliance is better, outcomes are better, and patient satisfaction is better. This series will train current and future medical professionals (nurses, pharmacists, physicians, dentists, physical therapists, medical assistants, etc.) to speak and understand Spanish in a healthcare setting by focusing on oral communication and listening strategies. You can expect to learn general medical vocabulary, beginning grammar structures, pronunciation, communication strategies, and cross-cultural issues. Knowing Spanish will not only help you provide better care to Spanish-speaking patients, it is also an asset when you apply for graduate school or job positions.

This program will be offered again in Fall 2023. Please visit website to sign up for updates.

Math Summer Bridge: Grade 1-8 Enrichment

ced.unlv.edu/summer-math

Whether called the summer setback or summer slide, the learning loss students experience in math over the summer can have significant impact on their performance in the upcoming school year. Frequently contributing to a loss of 2+ months of skill, this happens during summer vacation when students don't use the skills learned at school. Math Summer Bridge will help minimize students’ loss of skills by giving them an instructor-led environment in which to review and practice skills learned or receive guided instruction on key topics covered in the grade they are entering.

Presented as a “Visit to the Teacher’s Desk,” these classes are designed to help your child review key skills from the previous grade or be prepared for the new school year! Each course is taught by a dedicated instructor who has experience working with elementary school students. The courses are interactive; students will be able to ask and answer questions in real time.

Each course consists of twelve (12) 50-minute sessions. The sessions are delivered in live-online format with a live instructor presenting each class session. Sessions are divided into either a 6-week or 3-week schedule. In addition to the scheduled class sessions, students will have access to recorded versions of each class session which can be used to preview topics, replace sessions which the student is unable to attend, or review content from a different perspective.

Topics covered by grade level may be viewed via the online registration system.

The Summer Bridge Program in Mathematics is open to any student seeking an engaging environment in which to explore fun, relevant math topics. Topics covered are listed within the description of each program to assist parents and students as they decide which program is best for them. As an example, Grade 3 will be particularly helpful for students who recently completed 3rd grade and want to minimize summer losses, or for those who are preparing for 3rd grade and want an introduction to the topics they will see in the coming year. Class sessions will be taught on a reading level matching the course title (e.g. Grade 3 instruction will be taught at a 3rd grade reading level).

UNLV Continuing Education Units (CEUs)
UNLV Continuing Education awards Continuing Education Units (CEU) for many of its professional development and certificate program courses. The International Association for Continuing Education and Training (IACET) and the U.S. Department of Education task force defines the CEU standard of measurement as: 1 CEU = 10 contact hours of participation in an organized continuing education/training experience, delivered under responsible sponsorship, capable direction, and qualified instruction. UNLV CEUs are calculated based on this nationally recognized formula; however, other organizations such as licensing boards may convert CEUs into other measurements such as Professional Development Hours (PDH) or Continuing Education Credits (CEC). Students should consult with their specific licensing board or industry regulating body to confirm how UNLV CEUs can meet their training requirements.

For more information on CEUs, visit: www.iacet.org/standards/continuing-education-unit-ceu/about-the-ceu

Disability Services
The university provides equal opportunity and treatment in employment, admissions, and all programs in an effort to avoid discrimination based on race, color, national origin, sex, and disability. Any student who feels they may need accommodations due to a disability, temporary injury, or academic adjustments due to a pregnancy is encouraged to contact the UNLV Disability Resource Center (DRC) online at unlv.edu/drc or by phone, 702-895-0866. Current DRC students should make an appointment to discuss their accommodations with their instructors. It is best to initiate this process at least two weeks prior to the start date of your class to ensure accommodations can be provided in a timely manner.

Student Privacy
In accordance with the University of Nevada, Las Vegas policy and the U.S. Family Education Rights and Privacy Act of 1974 (FERPA), UNLV vigorously protects the privacy of student education records. UNLV does not release private records of individual students, such as grades and class schedules, without prior written consent of the student. Visit unlv.edu/registrar/ferpa for more information.
